WATER SPORTS

KITE JAMBOREE '09

Following the success of last year's event, Red Sea Zone hosted the second Kite Jamboree from May 7-17. This year's program offered freestyle competitions, including the first all-Egyptians event, as well as a course race, old school sessions, wake boarding, paddle boarding, try outs, and more.

The standard of riding was exceptionally high across the board, with distinct competition categories enabling riders of any level to participate. The winners in the freestyle category were Lukasz Ceran (pro), Karolina Kurek (women), Amr El Sayd (amateur) and Emad Mahmoud, who kited brilliantly to take the first Egyptian freestyle win. Lukasz also won the course race with a spectacular lead over the rest of the field showing his racing experience from last year's world tour.

International Kiteboarding Organization examiner Neil Godbold and pro kiter Marek "Murphy" Zach proved to be fair judges of all the competitions. Multiple world champion Kristin Boese was the guest of honor and flew in especially for the event. She had generously agreed to hold free workshops allowing 11 kitesurfing girls to perfect new moves and eight EGIS students to discover the sport with trainer kites on the beach.

AWARDS

MENA TRAVEL AWARDS 2009

Platinum and Gold for Best Tourism Projects

El Gouna and Taba Heights were recognized once again at the MENA Travel Awards that were held for the sixth time on May 7 in Dubai. This prestigious event takes place annually to celebrate the skills, creativity, and ingenuity demonstrated within the travel and hospitality industry in the Middle East and North Africa, and to honor the winning entrants in each of the awards' 18 categories.

These "Hospitality Best of the Best Awards" recognize the accomplishments of top industry organizations that have gone the extra mile in the region's vast growing hospitality industry. El Gouna was awarded the Gold Award for Best Tourism Project and our sister resort of Taba Heights was awarded the Platinum trophy in the same category. The attribution of the award is primarily dependent on loyal customers' votes and we seize this occasion to thank you all for your support!

Best Environmental Hotel award

The Sheraton Miramar Resort was recognized with the MENA Travel Platinum Award for the Middle East and North Africa as Best 5-star Environmental Hotel for 2009. This is the fifth time that the Sheraton Miramar has garnered this prestigious award in the last six years. This accomplishment is a reflection of the hotel's continuous efforts and achievements in implementing environmental practices and focus on sustainable tourism through the realization of environmental management standards.

Sheraton Miramar is committed to benchmarking its operation in the fields of energy and water conservation, total waste management and a strong commitment towards the local community. The resort has a long standing record of environmental achievements since 2000, when it participated as a pilot hotel in carrying out environmental audits of large sections of the Red Sea, an effort that earned Starwood Hotels & Resorts in Africa and the Middle East the elite Environmental Company Award.
